State University
with 4,000 students
7 faculties
8 institutions
founded in 1991
three dining halls on campus

Klaipeda University is known for its location in the only port city in Lithuania. The relationship with the sea is therefore a tangible focus for life and studies. The university is relatively small and enables comfortable studying in English. An own International Office takes care of the incoming students. The modern dormitories and the low cost of living make a stay in Lithuania easy.

Certification to ISO 9001:2008, ISO 14001:2004 and BS OHSAS 18001
EECA University Rankings #115
4ICU world rank #3664
