

RECOGNITION OF EDUCATIONAL COMPONENTS*

for the study programme Master International Business

The following documents must be enclosed: confirmation of grades, transcript of records, and description of the completed educational components from the course catalogue. Note: ► If you do not have enough ECTS in your bachelor's programme to be admitted to the Master's programme, you can meet the requirements by submitting evidence of other educational components. Please list these under "required educational components" and indicate whether you want to use these as a business subject. ► If you would like other educational components recognized towards your Master's programme, these must be at a Master's level. Please list them.
