

## Visa information: United Kingdom

## Study visit:

Visa requirements distinguish between study visits of up to 6 months and those of more than 6 months:

- up to 6 months: no visa required However, during this time the purpose of stay is clearly limited to studies, students are not allowed to pursue a financially remunerated activity during their stay. From 01.10.2021, entry for EU citizens is only possible with a valid passport (electronic passport - ePassport).
- several semesters or a whole course of study: student visa required (since 1 January 2021)
  The visa application can be filled out online at <u>Student visa - GOV.UK (www.gov.uk)</u> and costs 348 British pounds. A valid passport or other valid travel document is required.

The application can be made from six months before the start of the course.

Those who have a visa must also pay an "Immigration Health Surcharge" for access to the NHS, the public health service (https://www.gov.uk/healthcare-immigration-application). This fee is £470 per year for students. Students who are studying full-time and hold a European Health Insurance Card (EHIC) can apply for a refund of the 'Immigration Health Surcharge'. To be eligible for the refund, students must not be working during their studies.

**NEW:** Under certain conditions, students who have a visa are allowed to have a part-time job while studying.

Visa information: United Kingdom

## Internship Stays:

A *TemporaryWorker-GovernmentAuthorisedExchangevisa(T5)* - also known as Tier5 (GAE) - is required for trainees to stay in the UK under the Erasmus+ programme.

In order to apply for such a visa, participants must have a *Certificate of sponsorship*, which for Erasmus+ is issued by the British Council. The *Certificate of sponsorship is* a reference number that provides information about the participant.

The reference number is valid for three months from the date of issue. The **application for the refe**rence number is to be made to the British Council by the sending HEI and not by the sponsored person. The procedure for applying for the Certificate of Sponsorship is set out on <u>this website</u>.

The <u>visa application</u> can be completed online <u>after presenting the reference number</u> from the Certificate of sponsorship and costs 244 British pounds (German citizens receive a discount of 55 British pounds).

**NEW: The** British Council will issue the Certificate of Sponsorship only for the projects of the Erasmus+ programme generation 2014 - 2020 - project 2019 and 2020. For the projects of the new programme generation 2021-2027, the British Council will no longer issue the Certificate of Sponsorship. Accordingly, traineeships to the UK can only be funded in the new generation of programmes if <u>the</u> <u>host institution itself is licensed to</u> issue a Certificate of sponsorship.

There is no minimum salary requirement in the Tier5 (GAE) category. However, it is also regulated that students must prove their subsistence through the Erasmus+ funding and/or the traineeship salary and may not apply for public benefits.
