

Exemption from Compulsory Health Insurance Summer Semester 2021

Last Name: _____

First Name: _____

Application Number: _____

Course of Study: _____

Permanent Residence
or Habitual Abode: _____

I intend to enroll at Landshut University of Applied Sciences in the summer semester 2021 for the above-mentioned degree program. I hereby confirm that I have not entered or will not enter Germany for my studies in the summer semester 2021. I intend to carry out my studies in the summer semester 2021 from abroad without being present on campus exclusively with virtual classes.

I am not covered by the compulsory health insurance for students according to § 5 section 1 No. 9 of the Social Security Code (SGB V), **provided that I do not enter Germany.**

However, the health insurance obligation will come into effect retroactively to the beginning of the summer semester 2021 if I should still enter Germany during the summer semester 2021 in order to participate in attendance events or face-to-face examinations. In this case, I will prove to Landshut University of Applied Sciences, without being asked, that I have health insurance valid for studying in Germany by submitting an insurance certificate. In this case, I can also submit an application for retroactive relief of health insurance to my health insurance company. If the contributions are waived, I will submit the corresponding confirmation to Landshut University of Applied Sciences.
