### Connect personal drive:

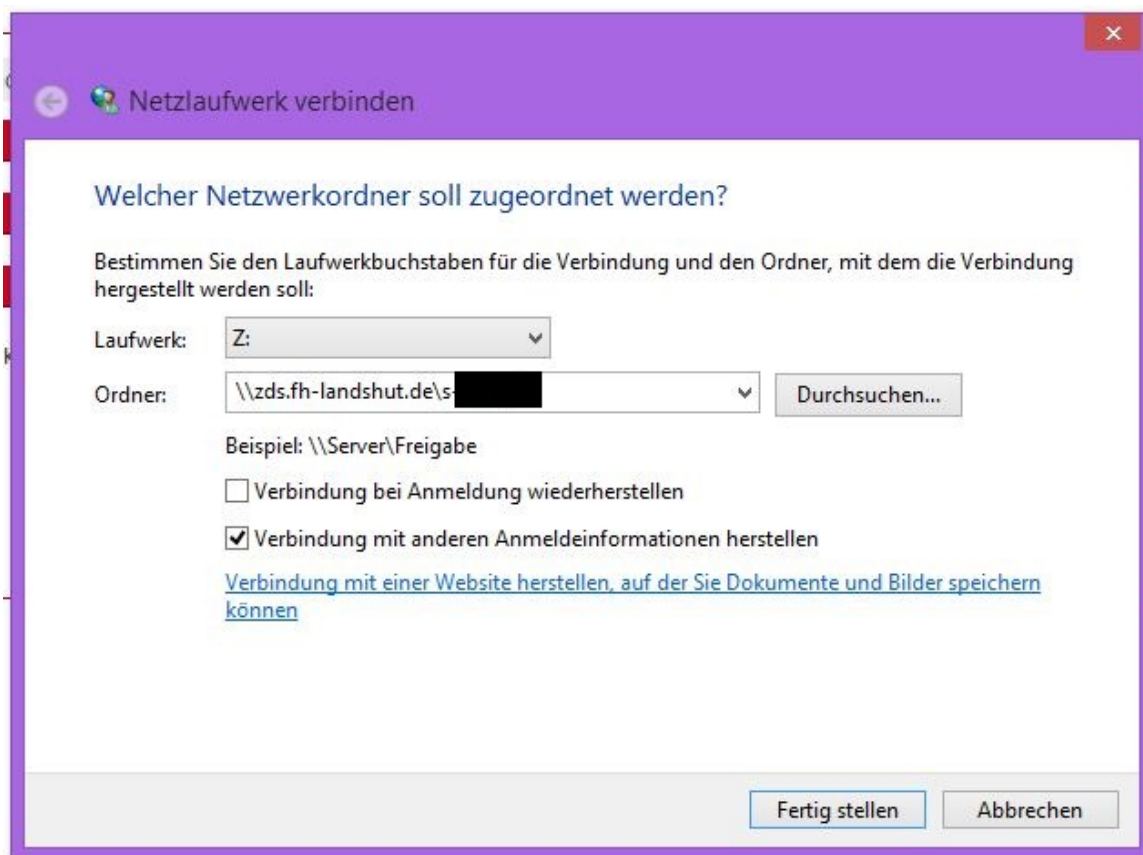

To do this, proceed as follows under Windows:

1. Open Windows Explorer (Windows key + E):
2. Under Windows 10: Select „Start → Computer → Connect network drive“.

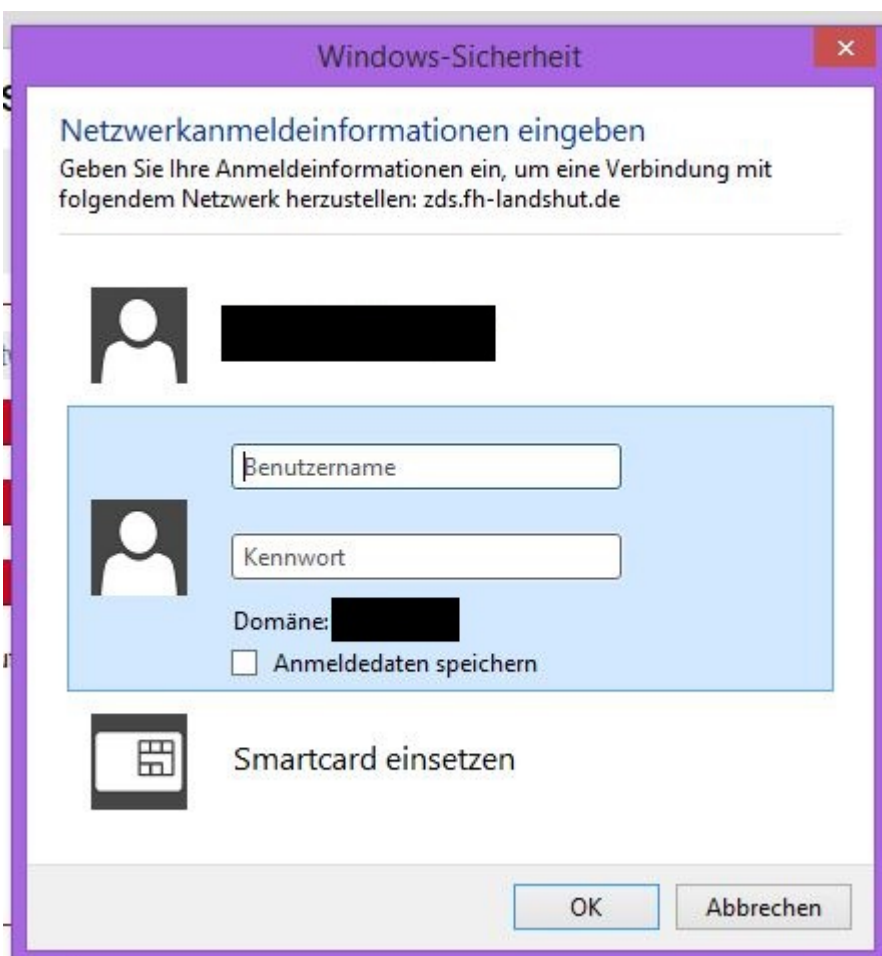

(Under Windows 8: Right-click on Network → Connect network drive)

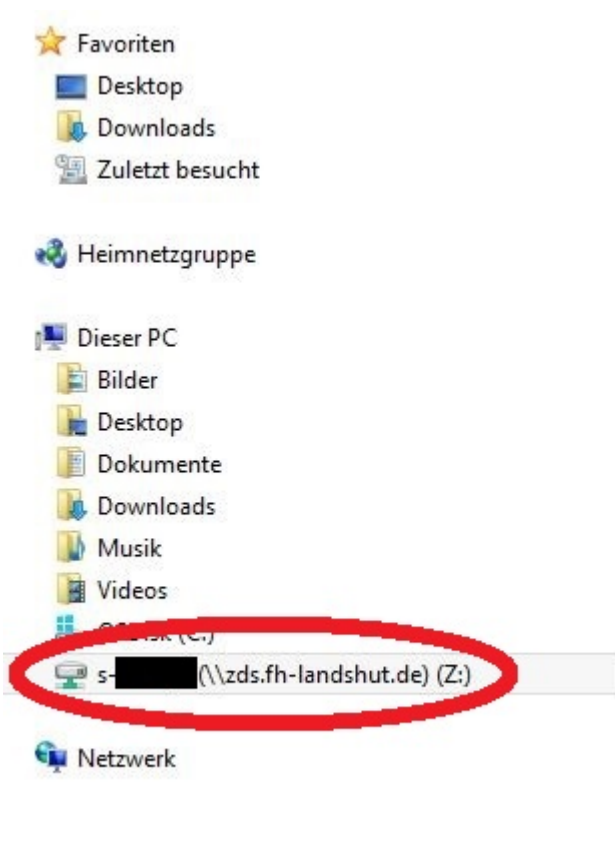

1. As the folder, enter „\\zds.fh-landshut.de\username“ and click on „Connect with other credentials“

1. Enter the university account data (user name + password):

### 1. „Finish“ connects your personal drive:

Deutsche Version: Persönliches Laufwerk anbinden
